

Harmony is an easy to use, smart DMX lighting controller. With support for up to 1,024 channels of DMX and a powerful effects engine, you can illuminate your wash with eye-catching shows.

Control Harmony via our intuitive web interface or have our highly trained DMX experts create shows and manage your lights for you. Draw attention to your wash with stunning chases or beautiful slow fades. With Harmony, the only limit is your imagination.

## Installation

The Harmony device is installed by connecting 5V power, Ethernet, and the provided USB-DMX Interface. The three wires from the USB-DMX Interface are connected to a signal amplifier, which is then connected to your DMX lights.

## Operation

Control all aspects of Harmony from the Web Interface or our upcoming iPhone & Android app. Create shows, edit the automated schedule, and send overrides from anywhere in the world.

Types of light shows include Static Color, Flash All, Chase, Fade All, Fade Chase, Random Fade, Beatmap Chase, Beatmap Flash, and Beatmap VU Meter.

## Car Wash Practical Applications

- Control all of your DMX lighting such as running a chase or a slow fade show in separate zones simultaneously
- Run special light shows for holidays like St. Patrick's Day, Christmas, or Halloween
- Sync your lights to music through an audio input using the Beatmap feature

### Harmony DMX Controller

Output via USB	512 DMX Channels
Output via ArtNet Node	512 DMX Channels
Device Power Input Voltage	DC 5V 2.5A
Smart Connectivity	Internet / Cloud Server
Connectivity Port	RJ-45 Ethernet
Size	3.94" x 2.36" x 1.57"
Weight	3.6oz (102g)
Warranty	5 Year Warranty
